Training Agenda – Dual Language University

Day 1 This training will create a regular dual language school day, but rather than children students, the training participants will become the students! Teachers/Administrators will be taught middle school lessons in Math, Science, Social Studies, and Language Arts according to the Dual Language Lesson Plan Cycle! Teachers will experience actual DL Best Practices from the student point of view. This will give teachers invaluable and authentic insight returning to their classrooms confidently and read to implement their district's DL model effectively!
